

## Class 2 Project: Burps, Bottoms and Bile Autumn 1 2021

Open wide – let’s take a look inside. We’re on a voyage of discovery to investigate the busy world inside your body. Do you have a toothy grin or a winning smile? Take dental impressions and test the effects of sugary substances on your pearly whites. Follow a tasty morsel as it makes its way through your digestive system, helped by some mouth-watering saliva. And don’t forget the importance of good hygiene at both ends. And whilst we’re talking business, could you recognise an animal just by its poo? Are you brave enough to take the challenge? Make a working model of the digestive system and use it to persuade others to eat healthily. Learn how to look after this marvellous belching, squelching, mixture making machine we call our body.

| <b>Subject Focus and Coverage</b>   |  |
|---|--|
| <b>English</b><br>     | Fact files; Explanations using idioms; Fantasy narratives; Slogans; Persuasive texts |
| <b>Computing</b><br> | Images; Algorithms; Video  |
