

CLASS 1

AUTUMN TERM

YEAR 1 & YEAR 2

We are excited for a fantastic term of learning, discovery and new experiences!

HISTORY

CHILDHOOD

This project teaches children about everyday life and families today, including comparisons with childhood in the 1950s, using artefacts and a range of different sources.

SCIENCE

EVERYDAY MATERIALS

This project teaches children that objects are made from materials. They identify a range of everyday materials and their sources. Children investigate the properties of materials and begin to recognise that a material's properties define its use.

SCIENCE

HUMAN SENSES

This project teaches children that humans are a type of animal known as a mammal. They name and count body parts and identify similarities and differences. They learn about the senses, the body parts associated with each sense and their role in keeping us safe.

DT

SHADE AND SHELTER

This project teaches children about the purpose of shelters and their materials. They name and describe shelters and design and make shelter prototypes. Children then design and build a play den as a group and evaluate their completed product.

ART

FUNNY FACES AND FABULOUS FEATURES

This project teaches children about the concept of the portrait and how the collage technique can be used to make a portrait.

ART

MIXING COLOURS

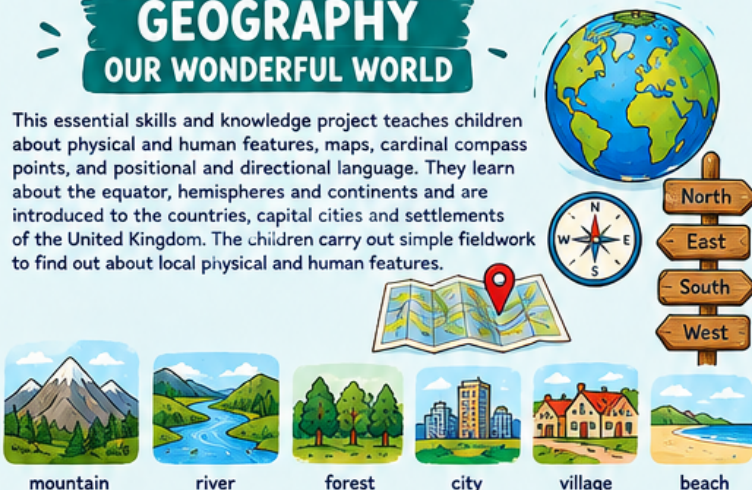

This project teaches children about basic colour theory by studying the colour wheel and colour mixing. It includes an exploration of primary and secondary colours and how artists use colour in their artwork.

GEOGRAPHY

OUR WONDERFUL WORLD

This essential skills and knowledge project teaches children about physical and human features, maps, cardinal compass points, and positional and directional language. They learn about the equator, hemispheres and continents and are introduced to the countries, capital cities and settlements of the United Kingdom. The children carry out simple fieldwork to find out about local physical and human features.

OUR AUTUMN TERM

It is going to be a busy and exciting term full of discovery, creativity, practical learning and new experiences!

We encourage the children to ask questions, share their ideas, challenge themselves and show our school

5 Rs of...

RESILIENCE
We keep going and try our best.

RELATIONSHIPS
We care, respect and work well together.

RESOURCEFULNESS
We use our skills and find creative solutions.

REFLECTIVE
We think about how we learn and how we improve.

RISK TAKING
We have a go, take on challenges and learn from our mistakes.

★ THANK YOU FOR YOUR CONTINUED SUPPORT – LET'S MAKE IT A WONDERFUL TERM TOGETHER! ★
